Telescopic Camera Lift

Model: CL-1050

This Telescopic Camera Lift is Ideal for conference rooms and webcam. It is designed to gives you a wide field of view. It can adjust the height to best cinematography and to ensure a vivid video conferencing.

This mini, ultra-quiet lift can be integrated with PTZ camera, conference webcam etc. CL-1050 Camera lift enable lowering up to 900mm. Lift closed height at 692mm. The handheld remote come with two programable height limits setting.

Camera Lift Specification :

Product Category: Telescopic Camera Lift
Product Weight: 18kg
Max. Weight Capacity: 25kg
Travel Distance: 692 ~ 1590mm
Power Cord Length: 1500mm
Camera Bracket: Standard/ Customize
Integrated Cable Management Systems: Yes
Material: Aluminium, Mild Steel, Plastic
Surface Finish: Powder Coating
Color: White/Black
Overall Dimension: 256W x 236D x 692H [mm]
Power Supply: AC 100~240V, 50/60Hz, DC 29V, 1.8A
Controller Type: Radio Frequency(RF) Remote
Duty Cycle: Max-2 Mins on/ 18Mins off

*Standard One Year Warranty Against Manufacturing Defects

Video Conference Camera Lift

Model: CL-1200

Boon To Teleconferences All Over The World !

Video Conference Camera Lift is Ideal for conference rooms and videos calls. It is designed to provide complete concealment of the video conferencing camera in a ceiling-recessed case.

This sleek, ultra-quiet lift effortlessly lowers a camera from the ceiling to the desired eye level in just seconds. The camera lift can be lowered up to **1 meter** below the ceiling and remain centered for more precise camera positioning.

- ✓ Remote Control Included
- ✓ Electronic Programmable Position with remote on ground
- ✓ Powered by world leading motor : Precision, Reliable and Safety
- ✓ Accommodate larger camera size
- ✓ Lowered up to 1000mm below false ceiling level

Optional Control Available
